

PHASE 4 — Document Understanding

Yahan hum simple OCR ko Land Record AI mein convert karenge.

OCR output:

राम सिंह

ग्राम XYZ

खसरा 127/2

खाता 45

क्षेत्रफल 2.50 एकड़

AI usko semantic fields mein convert kare:

```
{  
  "owner_name": "Ram Singh",  
  "village": "XYZ",  
  "khasra_number": "127/2",  
  "khata_number": "45",  
  "area": "2.50 acre"  
}
```

🔥 Yahan first major innovation

Evidence-linked extraction

Sirf:

Area = 2.50

mat dikhao.

Instead:

AREA

2.50 acre

Confidence: 94%

Source Evidence:

Page 1

Region: Row 7 / Column 4

[View Evidence]

User View Evidence click kare:

document ka original crop highlight ho.

Ye bahut powerful feature hai.

Judge ko immediately dikhega:

“AI ne value hawa mein generate nahi ki; original document ke evidence se nikali.”
